### History of fluid mechanics

April 14th, 2020 - Antiquity Pre history A  
pragmatic if not scientific knowledge of fluid  
flow was exhibited by ancient civilizations  
such as in the design of arrows spears boats  
and particularly hydraulic engineering  
projects for flood protection irrigation  
drainage and water supply The earliest human

---

civilizations began near the shores of rivers and consequently coincided with the dawn of hydrology'

**'Practical Ship Hydrodynamics By Volker Bertram**

**April 21st, 2020 - pdf page 1 les cours pendium of ship hydrodynamics jean claude 1 A Brief History of Naval Architecture and Ship Hydrodynamics This is pleted in chapter 12 by taking the practical point of view with description of Practical ship hydrodynamics researchgate'**

**'Course Design of Marine Systems TMR4254 NTNU**
