saul leiter early color digital
photography

May 13th, 2020 - saul leiter is an
important but relatively obscure figure
in modern photography born in 1923
he started taking photographs in black
and white in the 1940s and began
experimenting with color towards the
end of that decade leiter is an
acplished painter as well as a

photographer and nowhere near as well known as he deserves to be'
